Have yourself a Zukie little Christmas...

ZukieStyle began in 2009 as a hobby for it's qualified Designer, Diane Harrod. Since then, the dream of becoming a fashion brand has now become a reality. In December 2009, ZukieStyle had it's first break into the fashion world, taking part in The Clotheshow and spreading word of the bespoke trend to the masses.

Diane has taken the handmade pledge and is proud to be part of the handmade revolution. Her work reflects each person as an individual, something that is now a vital part of today's society. If there is something that you cannot find on the highstreet shelf or is just not quite 'you', let us know here at ZukieStyle. With our tailor made service we will design your accessory from start to finish leaving the finished product precisely what you had envisaged.

Alternatively, take a look at what ZukieStyle already has to offer, designs are available in your choice of fabric and colour. We can even change trim details to suit your personality, such is the joy of bespoke.

Thank you for taking the time to get to know ZukieStyle.

We wish you a happy Christmas and a fabulous new year!
